FRIDAY, MAY 23rd, 1941

NUMBER 4

Personnel Announced Of War Loan Committee

Following is the personnel of the Raymond and District Committee for the War Loan Drive which opens June 2nd. As will be noticed from the names, the set up includes Raymond, Stirling, Welling and the district out north to the boundary of the Provincial Constituency while another committee will look after the remainder of the territory south and east.

Unit Organizer—J. H. Walker.
Committee Chairman—Heber S. Allen.
Vice-Chairman—J. W. Evans.
Publicity Director—Lee Brewerton.

In charge of canvassers—Rulon H. Dahl.
Special Names Supervisor—O. H. Snow.
Special Advisor—T. Geo. Wood.

Secretary—Beth W. Zemp.
Raymond Canvassers: L. L. Pack, Heber F. Allen, Frank R. Taylor, Lloyd MacPhee, S. B. Card, Geo. Ralph, T. O. King, Ernest Nilsson, Frank M. Hall, J. O. Hickson.

Welling Canvassers: Arthur A. Wide, Chairman, N. W. Peterson, and Mr. Henderson.
White School and Wilson Sidling—Philip Baker, Chairman, Ernest Russell, J. J. Tiffin.

Stirling Canvassers—T. A. Spackman, Chairman, W. Hogen, C. H. Christensen and Albert Brandley.

Hungarian members: Jos. Beresnak.

Czech-Slovak members: Ludwig Letal.

Jugo-Slovak members: Angelo Boras.

Japanese members: Harry Hironaka.

More information re the Loan and the labors of these committee men will be carried in next week's Recorder.

ROTARIANS LISTEN TO TALK ON JAPAN

Rotarians on Monday at their regular meeting listened to a very interesting and instructive talk on Japan, by I. Hironaka who recently returned from the quaint and historic land after spending nearly two and a half years there attending school. He expressed himself as glad to be back in Canada, and especially Raymond, which he guessed would always be home to him.

The speaker spoke of the rapid progress of Japan, especially its commercial centres such as Osaka and Tokyo. In these centres he found elevated and tube trains, taxicabs, with as many as 400 cabs belonging to one company in some cities. Privately owned cars were not so many, there being about 1 for each 1500 population in the country, which meant that on that average there would be two private automobiles in Raymond. Manufacturing was advancing rapidly in Japan and Osaka was a factory town with a great manufacturing district in Tokyo.

The schools and universities were very progressive and modern. Living in dormitories was very reasonable and education, especially higher learning was coming into its own very rapidly in Japan. Professors in the larger colleges were frequently men who had graduated from some large American college or university and had then returned to Japan with their added learning to modernize the teaching and educational systems of that nation. His own schooling had been very profitable to him and he was glad of the opportunity he had enjoyed of going there to study.

In sports, his countrymen were very much the same as

AARONIC PRIESTHOOD PROGRAM AT 2ND WARD

An interesting and much appreciated program was presented in the Raymond 2nd Ward Sunday evening, it being the anniversary of the Restoration of the Aaronic Priesthood. After the opening exercises under the direction of the Bishopric, the meeting was turned over to the boys and the following program carried out with LaMonte Palmer conducting.

Opening prayer by Thurston Smith.

Piano solo by Douglas Duncombe.

Vocal solo by Glen Walker.

Talk on Aaronic Priesthood by Keith Scoville.

Steel Guitar Solo by Junior Meldrum.

Presentation of Quorum Awards won by the quorums for last year's work by Wm. Redd, Stake Aaronic Priesthood Supervisor. Five were awarded 1st ward having made 100p.c. in this project.

Clarinet Solo by LaMonte Palmer.

Talk and report on General Conference by Stake Pres. T. Geo. Wood.

Closing prayer by Lee Fairbanks.

A large crowd was present and enjoyed the program especially the fine example set by the boys taking part on the program.

COL. J. H. WOOD IS DEAD

The newspaper, fraternity of Canada, and especially of Alberta, both daily and weekly lost a real champion and a colorful figure in the passing in Calgary on Tuesday night of Col. J. H. Woods, veteran newspaperman and for years editor of the Calgary Herald, and president of this Southern paper when he died at 73.

He had spent many years in the west, which he loved dearly, and besides his activity in the daily newspaper field, where he was Scout Commissioner for Alberta many years, and his property at Sylvan Lake, turned over to Scouting made possible the Scout camp there which has done so much for the boys. Scouting and the newspaper world will miss him.

NEWS NOTES

Saturday is Victoria Day and a National holiday. Stores and offices will be closed.

CONSCRIPT YOUR QUARTERS AND DOLLARS TO BUY WAR SAVINGS STAMPS.

Milt Moffatt of Lethbridge was a Raymond visitor Saturday last.

Mrs. Fred Piegrass who has been visiting with her son Lyle and wife in a west coast training camp for a couple of weeks past, returned home last week.

We print everything but money and stamps. Let us know your needs and we can fill them for you. Call in or phone 24.

Amerlea. Basketball, baseball, Track meets, hockey and so on were all featured in schools and universities and baseball seemed to be the kind of summer sports.

The talk was greatly enjoyed and at its conclusion, although the time was spent the speaker answered a number of questions asked him by Club members.

Recruiting Party Will Be In Raymond May 25

Sixty Alberta cities and towns will ring with the sound of marching feet and clatter of machines of war as Alberta's drive to raise 2,600 men for the Canadian (Active) Army gets under way next week. The recruiting party will spend the morning and afternoon, May 25, in Cardston.

Details of the Alberta campaign were approved Thursday afternoon by Brig. F.M.W. Harvey, V.C., officer commanding Military District No. 13 and Mayor Howard Gainer, M.C., district recruiting officer, released details.

In the Alberta towns an army convoy of 10 vehicles and 84 officers & men will give demonstrations of army life.

Infantrymen will march in the streets, to the music of a military band. A Bren gun carrier will be rolled off a truck and will go into "action". Local units, squadrons or sections of the reserve army will parade in uniform at the same time.

An army field kitchen will be set up and tents for men will be pitched close by. In the evening soldiers will sit around and sing while the bandmen will play their instruments.

The whole thing is arranged for the intensive national recruiting campaign which will enlist 32,000 men within the next two months.

Along with the mobile display party will be a recruiting party, a complete medical board and a staff of clerks. The men can be enlisted and medically examined on the spot and their transportation issued to the nearest depot, Calgary or Edmonton.

NEWS NOTES

Axis troops landed by chute, glider and plane in Crete, have been met with fire from Allied troops and reports state the island still well protected.

Raymond 2nd Ward was well represented at the Temple Wednesday afternoon when about 25 ward members attended the session.

"Gone With the Wind" showed at the Capitol again for two days Monday and Tuesday. Because of the busy season the matinee performances were not very well attended but there were good crowds in attendance for both evening performances.

There is no question but what we need another rain now after the high winds of this week. With the inch of rain we had in a little over a week we could have done nicely for a few days yet had the high wind not dried things out for us.

Miss Adabelle, daughter of J. W. Bascom, was painfully, though we are glad to say not seriously injured in a car accident Friday night when she received cuts and bruises about her head and face and a painful cut over one knee. She is at home and improving nicely, although still confined to the house. With a friend from Lethbridge she had been for a short ride south of town, and when returning the turn at the extreme south west corner of the town was missed and the car went down into the deep borrow pit and plunged into the bank. Miss Bascom was thrown violently against the windshield and received the head injuries. Her companion was bruised.

monoton.

During the recruiting campaign officers commanding all reserve army units in the province will be made deputy recruiting officers with the power to appoint civilian doctors to form a medical board. The idea is to facilitate recruiting as much as possible. Now men will be able to go to officers in their own towns, men whom they know and join up, instead of having to go to Calgary or Edmonton.

Men needed for the campaign include (all figures approximate) Armoured Corps 400; artillery, 825; coast defenses, 100 engineers, 450; Royal Canadian Corps Signals 75; infantry, more than 200; R.C.A.M.C., 50; R.C. Ordnance Corps, more than 200; R.C.A.S.C., 200 Dental Corps, 100 Provost Corps, 20.

Almost every type of tradesman is needed in the army. They include: Clerks, cooks, driver-mechanics, fitters, turners, motor mechanics, storemen, surveyors, blacksmiths, bricklayers, carpenters, computers (trig.), concretors draughtsmen, electricians, painters photo lithographers, pioneers, saddlers, and harness makers, watermen, linemen, telephone operators dispensers and pharmacists, nursing orderlies, armament fitters, coppersmiths, shoemakers, welders, etc.

The advance party will arrive here about 6:30 p.m. and the main body about 8 p.m. A demonstration will likely be held on the main street and afterwards a visit to the camp at the Park.

The local militia unit will parade with the visitors to the strains of the 27 piece band carried by the recruiting party.

Make your plans now for the War Loan which opens June Canada will ask.

A.F. Hawks, in service for the militia in Edmonton, was home Saturday on a short leave.

A Four day wind swept over the district from Friday evening to Tuesday night. It was not so very strong except in gusts but it was cold and disagreeable especially for this time of the year.

Lyle Piegrass and wife and babe were Raymond visitors Saturday, Lyle being given a short leave while the train stopped in Calgary. The regiment of which he is a member was on its way east and he took this opportunity of shaking hands with his friends in Raymond again.

I. Hironaka, who has spent the past two years and four months in Japan at school, was the speaker in the Raymond 1st Ward Sunday evening and gave a very interesting and instructive talk on the progress & advancement of Japan and of his own experiences there. A large crowd was present for the meeting.

M. R. Wolf of the local Pool elevator is busy these days weighing up agents at nearby elevators so their elevators will be ready for the new crop when it commences to come in. This is a job that takes considerable time and is started as soon as the stocks of wheat on hand permit. Rayo will be busy for several weeks at this work. He started Monday morning at Craddock.

Mother's Day Program At Second Ward

WILLIAM RANDOLPH HEARST GIVES CANADA BOOST

One of the most enthusiastic boosts for Canada's tourist attractions to come from U.S. sources in recent years, recently appeared in the powerful chain of Hearst newspapers as a front page editorial signed by William Randolph Hearst. In unrestrained and glowing terms, Mr. Hearst urged Americans to go see for themselves the wonders of Canadian scenery which he lavishly described.

Not only in Mexico to the south of us, but in Canada to the north of us, are wonderful opportunities to spend delightfully the summer vacation days that will soon be here.

From the west coast of the United States it is easy and highly agreeable to reach Vancouver by sea or by train or by highway—and be welcomed to British Columbia.

On the east coast it is a simple matter, and a physically and spiritually profitable one to visit the charming and historically interesting old city of Quebec, perched on the cliffs above the St. Lawrence River.

Then to sail up the St. Lawrence to Montreal, diverging, if you please to Ottawa.

Then to weave in and out on the bosom of the great river among the beauties of the Thousand Islands until you reach the Great Lakes—a wonder of the world.

Then on through Lake Erie and Ontario and through Huron and Superior to Port Arthur.

There the Great West begins. There is no water trip like this on the face of God's green earth.

But you can make a similar trip along the shores of river and lakes by motor, comfortably and delightfully, if you prefer.

From Port Arthur onward the train or the highway carries you through the provinces of Manitoba and Saskatchewan to Alberta and British Columbia, the Summer vacation ground of the world.

Folks, it is as if after God had made all the rest of the world for men to work in, He had made the west coast of America for them to play in.

It is as if He had said: "I will assemble here for man's enjoyment all the attractions of all other lands."

It is as if He decreed: "Here let there be tall mountains wrapped in eternal snows, and warm snug valleys cosied in between."

"Here let there be long sinuous lakes wreathed in evergreens. "Here let there be mighty rivers flowing through fertile and peaceful plains."

"Here let there be wonders, too, like high glaciers on steep mountain sides that cascade over tremendous precipices into the snowy vales beneath, and let there be great limpid pools that reflect the white mountains and the green forests and multiply their glories."

"And here let there be fish and game and waterways and highways to reach them."

Friends, your columnist speaks the truth, but cannot find words to tell all the truth.

Go and see for yourselves. Become acquainted with your neighbors in Canada and enjoy their friendship and the delights of their beautiful land.

W. R. HEARST.

Punch (c): A picture is published of Mr. Wendell Willkie sitting in a London bus. Beginning's luck, we suppose, got him a seat.

No Sunday School classes were held in the Second Ward Sunday morning, when Mother's Day was observed by the Ward, and after the opening exercises, the following program was given, every number being a tribute to Mother:

Short talks by Miss Iris Jones, David Smith and Keith Judd.

Solo—Monte Scoville, Numbers from the Kindergarten and Primary classes.

"Mother, Moulder, of Men," a talk by Keith McBride.

Solo—Miss Jeannine Wilde, Piano and Cello duet. Mrs. J. A. Ririe and daughter.

"What it Means to a Mother to have a Missionary in the Field"—Mrs. A. J. Garner.

"Mother, the Home Builder,"—Miss Jane Walker.

Number from boys of the Primary class.

Solo "Mother"—Jos. McLean. Bishop Palmer paid a tribute to Mother, Rulon Dahl of the Bishopric spoke of "Our Mothers in the Auxiliary Organizations," and flowers were distributed to all Mothers present, about 150 being given out. These flowers were a joint contribution from the Ward, Sunday School, M. I. A. and Primary organizations.

See Keith took two photos of the Mothers all grouped on one side of the hall, and for an inside exposure, except for one or two who moved the pictures is very good, people right at the back of the hall being quite distinct. A large crowd was present for the program.

LIONS CLUB IN REGULAR MEETING

The Lions Club met in their regular semi-monthly meeting in the Club Monday evening and despite the busy season there was a good attendance of members present.

After the luncheon, the time of the meeting was devoted to a further discussion of the results of the eye clinic which was held at the schools last month. The committee that has had this work in charge reported that cards had been delivered to the parents of all the children whose eyes were bothering them, and that in all cases the parents had thanked the Club for their interest and had stated that the report furnished was the first intimation they had that anything was wrong with the eyes of members of their families. The recommendations are being acted on, and the Club feel well satisfied with the results of this project.

WORDS OF INSPIRATION

A Thought for a Day
For a People at War

"I believe that my Czechoslovakia nation, as well as all the small nations of Europe shall arise just as Lazarus arose from the tomb. We shall rise very soon to be with your noble Canadian country and the British Commonwealth, guardians of the spirit and the mind, guardians of liberty for which we were all chosen by Providence."—Senator Vojta Benes of Czechoslovakia.

"Here let there be long sinuous lakes wreathed in evergreens. "Here let there be mighty rivers flowing through fertile and peaceful plains."

"Here let there be wonders, too, like high glaciers on steep mountain sides that cascade over tremendous precipices into the snowy vales beneath, and let there be great limpid pools that reflect the white mountains and the green forests and multiply their glories."

"And here let there be fish and game and waterways and highways to reach them."

Friends, your columnist speaks the truth, but cannot find words to tell all the truth.

CENSUS COMMENCES JUNE 2ND.

The regular census, the eighth in Canada's history will commence on Monday, June 2nd. As usual the Dominion has been mapped off in small territories, and enumerators will visit from house to house filling in the details of the census form for the officials at Ottawa.

There should be no resentment respecting the visit of these men. They have a few questions to ask, some of which may seem irrelevant to us, respecting our affairs and operations and to those who do not understand the census, it may seem

like the third degree in some investigation. We should like to disabuse the minds of our readers on this point, however. The information gathered by these census takers is of decided value to the statisticians of the Dominion in compiling their reports for the Government respecting the trends in agriculture, business and home life in all its aspects across the Dominion of Canada. It will show which lines of endeavor are on the decline and which are increasing. It will show whether the death rate is growing or decreasing, and many other things. It will show the nationality of our people and whether our immigration laws are functioning properly and so on.

And so, when the census taker calls on you, be free and unafraid in answering his questions. The information he gathers is not for military use and

is confidential, being meant only for the departments of our Dominion Government.

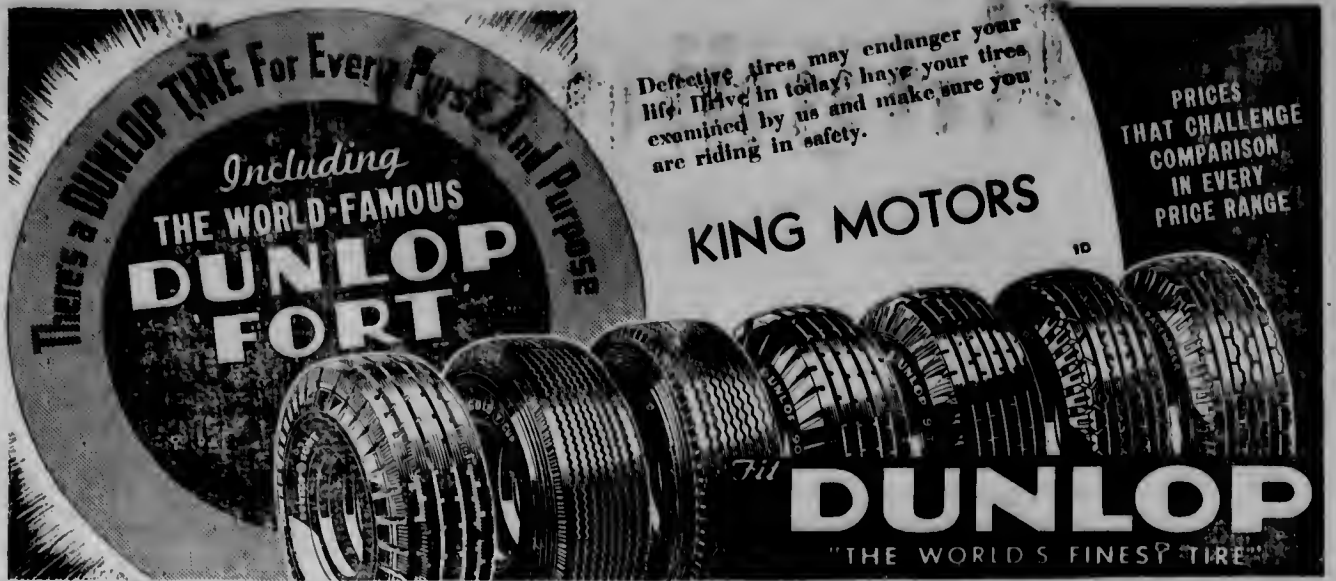

Mr. and Mrs. R. Wm. Pilling of Calgary are guests of Mr. and Mrs. Don, Rodeback for a few days this week.

Gardens are just about all planted now. The cold weather of the past week has retarded their growth and bedding plants have not been planted to any great extent as yet, but will be as soon as the wind quits and weather warms up.

Defective tires may endanger your life. Have in today? have your tires examined by us and make sure you are riding in safety.

NEWS NOTES

A barn dance was held Wednesday night at Graham's barn. The Anderson sisters furnished the music.

King Motors unloaded a car of Ford trucks Tuesday. Frank Dawley and F. R. Taylor, took a one ton, Ray Walker took a two ton, and the three ton truck on the load went to Carter's Garage, Magrath.

The District Track meet was held here Wednesday, featuring the schools of Stirling, Raymond and the district schools nearby, Bonnie View, Mammoth and so on. Despite the cold wind there was a good crowd present and some good events were noted during the afternoon. We shall have the winners for our next week's paper. Lack of space prevents more today.

Another high wind over the week-end which blew almost steadily for five days has dried out the surface of the ground a great deal, and damaged crops to some extent. Tuesday night the wind died down and since then has been cool and still. Crops and gardens are looking good despite the wind, and it is hoped now that rain will come to refresh things and start them growing in real spring style.

"BLOOD...TOIL... TEARS and SWEAT"

This is a war for existence. It is war to the death. It is a war to win or to lose.

There can be no half way—no compromise. It is a war to WIN.

Money is the fourth arm of the service.

Whatever you are called on to pay or to lend, it is little compared to the lives that our sons offer.

There have been many and heavy calls upon Canada already.

There will be more.

Let us face the truth and the truth will make us free.

It is freedom we are fighting for, British freedom, the freedom of body and spirit that makes life worth living.

If we fail, we fall.

Be prepared for sacrifice.

Great Britain has set us an example on a scale of heroic magnificence history doesn't record.

Let us FIGHT!

Canada has the resources. Let us spare nothing. When our soldiers offer their lives, let us be willing to share our livelihood.

Presently the Government of Canada will call for money.

The money is here.

We are spending billions. We are already heavily taxed. But most of these billions and those taxes are being spent in Canada. That money comes back to you. Keep it rolling. Keep putting it back into the war effort, so that it may be spent again and again and again until Right prevails and the world is free.

FIGHT...WORK...PAY

Canada must be Free

THE EIGHTH DECENNIAL

Census of Canada

June 2, 1941

THE Census is the stock-taking of the nation — of its men, women, and children; its agriculture, trade, and industry; its housing, and general social condition. By it, all Governments, — Dominion, Provincial and Municipal—are enabled to work more effectively and economically in the interest of every resident of the Dominion.

IN these days of increasing Government responsibilities, no Government can give the best service unless it has detailed and accurate knowledge of the people and their varying circumstances. That is why we request the co-operation of all Canadian citizens in the taking of the Census. When the Government's Enumerator calls at your door, receive him courteously and give him all the information for which he asks.

Remember that he is in your service. Accuracy and despatch in your replies will promote good administration in your country, now under stress of war and facing crucial post-war reconstruction.

ALL INFORMATION SUPPLIED HELD STRICTLY CONFIDENTIAL

You can place absolute trust in the official Enumerator, who is sworn to secrecy. All the information which you provide will be held in strictest confidence both by him and the Dominion Bureau of Statistics, and can never be used against you by any tax-collecting, military, or other agency, or in any court of law.

It is compulsory by law to answer the questions, but you will be assisting your Government in these difficult times by giving the information readily and accurately in the spirit of good citizenship.

Issued by authority of The Honourable JAMES A. MacKINNON M.P., Minister.

DOMINION BUREAU OF STATISTICS - DEPT. OF TRADE AND COMMERCE

Conference was held in Tyrell's Lake Branch Sunday the Warner people joining them. Heber F. Allen of the Stake Presidency was in charge.

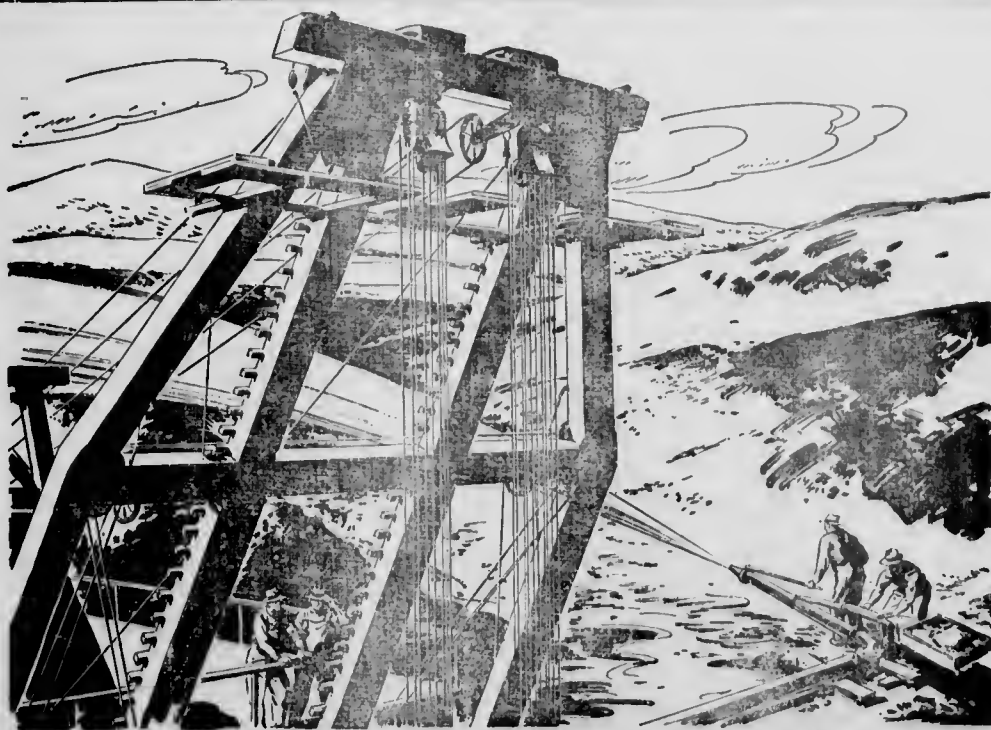

A family get together was held at the Fred Piepgrass home last Friday, enjoying a few hours social gathering with Sergt. Lyle Piepgrass prior to his leaving with his unit for training somewhere in Eastern Canada. A very enjoyable time is reported by all who attended.

You
are needed NOW!

for
**ACTIVE
SERVICE**

This is Canada's call to YOU! Men are now wanted to man the guns, tanks, armoured units; all the implements of modern warfare which the factories are producing in mounting volume.

It is a different war this time. When we licked the Hun before, men were recruited here to train in England, to fight in France. Now you are recruited and trained here; then go Overseas to join the stalwarts holding battle positions on the shores of Old England, or wherever the call demands.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office.

Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION.

RATES OF PAY IN THE RANKS

\$1.30 per Day with Board, Lodging, Clothing, Medical and Dental care provided. EXTRA: (1) Rates varying from 25c to 75c per day for skilled tradesmen while employed. (2) Dependent Allowances in Cash.

Apply to nearest DISTRICT RECRUITING OFFICE or any Local Armory.
